

Broker/Carrier Discrepancy Form

BeWell does not negotiate or manage broker contracts with carriers or broker commissions. The broker must contact the carrier directly to understand and resolve any discrepancy with the carrier.

BeWell can provide information to authorized brokers about consumer enrollment status and whether a broker is associated with an application and enrollment.

After the broker has contacted the carrier, if necessary, and understands the discrepancy, the broker needs to complete and email this form to BeWell at contactcenter@nmhix.com.

A broker should submit only one form and should not send any consumer information beyond what is requested in the form.

BeWell will respond to the request for information within 72 business hours.

Broker Name:	Broker NPN:
---------------------	--------------------

Explanation of the Carrier discrepancy:

Client Information:

Carrier Name	Client REF_ID Number	BeWell Member ID	Client Initials
Example: United	1000001	700000000001
